Subject: Offshore Facilities
Attachments: POCSR Map.pdf; MOU DOT-DOI Pipelines 1996.pdf

Hi Pete,

Good chatting with you. Attached is a copy of the BSEE map of the offshore facilities. I have also enclosed that MOU between DOI (BSEE) and DOT. Below is the contact information for Eddie Murphy. In looking at his information, he does training and exercises.

Eddie Murphy

U.S. Department of Transportation

Pipeline and Hazardous Materials Safety Administration

Office of Pipeline Safety

Training & Exercise Specialist

1200 New Jersey Avenue SE

Washington, DC 20590

202-366-7043 Office 202-734-9122 Cell

eddie.murphy@dot.gov

Lastly, I have been looking to see if I have the latest version of the CA OSPR Best Available Technology report. The report includes a description of the prevention responsibilities and authorities on the Federal side, (USCG, EPA and MMS (now BSEE)) as well as the state side for the Coastal Zone. I believe that the most recent version of the report has been finalized and may be of help to you. I will contact OSPR to see if it publicly available.

Take care,

Craig Ogawa

Senior Preparedness Analyst

Pacific Oil Spill Preparedness Section

Oil Spill Preparedness Division
Bureau of Safety and Environmental Enforcement
760 Paseo Camarillo Suite 102*
Camarillo, CA 93010
ph. 805.384.6331
cell 805.504.7225
fax 805.383.6213
email: craig.ogawa@bsee.gov
website: <http://www.bsee.gov/>

BSEE works to promote safety, protect the environment, and conserve resources offshore through vigorous regulatory oversight and enforcement. OSPD is responsible for carrying out BSEE authorities related to oil spill research, planning and preparedness.
